

**As a result of practical experiences, the dimensions of the Nedap RaceReader have been optimized for unobstructed reading of sheep flocks. Ideal for reading sheep lots without interrupting the working process. Total of read numbers is displayed on the large display for visual control.**

- Reading large flocks of sheep passing straight through the RaceReader without any obstacles
- ISO 11784/11785 compliant reader in IP67 housing
- Remote service and software upgrade
- Batch separator button
- Count indication via large bright LED display
- Robust design, maintenance free hotdip galvanized frame and heavy duty side panels
- Optional automatic data upload to remote servers

## Specifications
